

NEED HELP WITH YOUR NSW BATTERY REBATES?

# Supercharge your returns with NSW PRC Incentives for eligible Solar Battery Installations

**Greenbank Environmental have been helping Australian businesses trade environmental certificates for more than two decades.**

## Simplify your certificate process with Greenbank – Your trusted ACP for battery accreditation

In these uncertain times, you need a reliable partner for your energy certificates. Greenbank Environmental is proud to be the first Accredited Certificate Provider (ACP) to hold our own battery accreditation.

Don't risk using multiple agents—Greenbank is your one-stop shop for STC and PRC certificates. We're a name you can trust.

## What is the NSW battery PRC scheme?

The Peak Demand Reduction Scheme (PDRS) helps homeowners reduce electricity demand during peak periods. By participating in the PRC scheme, homeowners can receive upfront discounts on eligible battery systems for their solar setups, based on energy offset over 15 years. As a solar retailer, you provide these discounts in exchange for PRCs, which are reimbursed upon approval.

## Why choose Greenbank?

**Induction Through Your Portal:** Seamlessly transition to the PRC process.

**Create Jobs for PRCs:** Assign jobs to SAA battery-accredited installers with ease.

**Streamlined Workflow:** STC and PRC requirements are integrated, preventing duplication and saving time.

**Compliance Made Easy:** Capture key documentation, including switchboard photos and signed forms from system owners, to meet all PRC requirements.

**Quick Submission:** Submit your jobs effortlessly once all STC and PRC criteria are met.

**Greenbank Online PRC Calculator:** Available [here](#).

## You have a head start if you are trading with Greenbank

You're almost ready to start claiming PRCs from November 1st! Here's how you can prepare:

- 1. Public Liability Insurance:** Ensure you send us your current certificate.
- 2. SAA-Accredited Installers:** Confirm your installers are SAA-certified for battery installations.
- 3. Complete Training:** We'll provide access to training over teams or zoom to get you fully up to speed.

IF YOU ARE NOT TRADING WITH US YOU SHOULD BE.
