

HEERS Hot Water

The NSW Energy Savings Scheme are now offering an incentive for replacing an existing electric or gas hot water system with an approved heat pump or solar water heater at Residential and Small Business sites in NSW.

YOU ARE NOW ABLE TO CLAIM BOTH STC's & ESC's ON ELIGIBLE HOT WATER UPGRADES IN NSW.

What are the eligible activities

Create both STC's & ESC's for eligible solar water or heat pump installations in New South Wales.

The NSW Energy Savings (ESS) has expanded to increase the uptake of solar water heaters and heat pumps that replace existing electric or gas hot water systems, by NSW residents and small businesses.
