

VEEC Assignment Form Template: Space Heating and Cooling (Activity 6) – Business and Non-Residential Premises

Version 1.3 – 8 April 2024

Section 1: Consumer rights information

As the energy consumer, you own the rights to create certificates for energy saving activities undertaken at your premises under the Victorian Energy Upgrades program. One Victorian energy efficiency certificate (VEEC) represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the activity.

You can assign your right to create certificates to an accredited provider under the Victorian Energy Upgrades program. In assigning your right, the accredited provider will be entitled to create and own the certificates for the activity undertaken at your premises. In return, the accredited provider should provide you with an identifiable benefit (e.g. price reduction on a product, free installation, or a cash-back arrangement).

You are responsible for ensuring you are satisfied with the terms of the assignment of certificates to **GB Environmental Trading Pty Ltd**, the accredited provider (as detailed below) prior to proceeding with the activity.

If you experience any issues with the outcome of this activity, you should contact **GB Environmental Trading Pty Ltd** to resolve the matter. For any outstanding issues, you can contact program staff members at the Essential Services Commission, the government body responsible for administering the program, by sending an email to veu@esc.vic.gov.au.

Section 2: Installation details, accredited person declaration and installer declaration

Part A: Installation details

¹ These fields are only required to be included/completed if installer undertaking the upgrade and signing this form is a registered plumber (not a licensed plumber)

Decommissioning scenario

- Hard-wired resistance electric room heater only (no refrigerative air conditioner) which is the main form of heating.
- Hard-wired resistance electric heater which is the main form of heating any premises and refrigerative air conditioner
- Central electric resistance that provides heating to at least 100m² floor area or slab heater only (no refrigerative air conditioner) which is the main form of heating.
- Central electric resistance that provides heating to at least 100m² floor area or slab heater which is the main form of heating, and refrigerative air conditioner
- Ducted reverse cycle air conditioner with is the main form of heating
- Non-ducted reverse cycle air conditioner
- Ducted gas heater only which is the main form of heating
- Ducted gas heater which is the main form of heating any premises and refrigerative air conditioner (whether ducted or not)
- Non-ducted gas heater only (no refrigerative air conditioner)
- Non-ducted gas heater and refrigerative air conditioner
- No decommissioning

Please specify method used to decommission the product(s)

Installed product details

Product type:

- 6A: Ducted air to air $R < 10$ kW
- 6B(ii): Ducted air to air $25 \text{ kW} \leq R < 39$ kW
- 6D: Non-ducted air to air $R < 4$ kW
- 6E(ii): Non-ducted air to air $7 \text{ kW} \leq R < 10$ kW
- 6G Non-ducted air to air $39 \text{ kW} < R \leq 65 \text{ kW}$
- 6B(i): Ducted air to air $10 \text{ kW} \leq R < 25$ kW
- 6C: Ducted air to air $39 \text{ kW} < R \leq 65$ kW
- 6E(i): Non-ducted air to air $4 \text{ kW} \leq R < 7$ kW
- 6F: Non-ducted air to air $10 \text{ kW} \leq R \leq 39 \text{ kW}$

Brand:

Model:

Serial number(s):

Sum of the rated heating capacity (in kW) of all installed indoor units (for multi-split systems only):

Sum of the rated cooling capacity (in kW) of all installed indoor units (for multi-split systems only):

Are all indoor units installed from the same original equipment manufacturer as the connected outdoor unit (for multi-split systems only)? Yes No

Please make sure the above information (as appropriate) is recorded for each product installed as part of this assignment of rights

Certificate details

Is a VBA Compliance Certificate required for the work undertaken? Yes No

Is a Certificate of Electrical Safety required for the work undertaken? Yes No

Certificate of Electrical Safety number:

VBA Compliance Certificate number:

Form of benefit provided

Upfront cash Price reduction Delayed cash Free installation Other (please describe)

Amount of benefit provided for assignment of certificates:

Part B: Declaration by installer

I declare that:

- I am registered or licensed to undertake the installation of the above product(s)
- I am registered or licensed to decommission the replaced product(s), or the replaced product(s) have been decommissioned by an appropriately registered or licensed person
- the product(s) have been installed at the stated premises
- where applicable, the consumer has been informed that a VBA Compliance Certificate and/or Certificate of Electrical Safety is required for the work undertaken and will be provided a copy of the relevant certificate within five working days of installation
- I confirm that the above activity was not undertaken at a scheduled activity premises listed on the Essential Services Commission's Register of Scheduled Activity Premises on the VEU Registry. If undertaken at a scheduled activity premises, I declare that the appropriate notification of intention to undertake prescribed activity has been made to the Essential Services Commission
- where existing product(s) were decommissioned as part of this activity:
 - the product(s) replaced as part of this installation were not installed for the purposes of being decommissioned as part of this installation
 - the construction of the premises in which the activity was undertaken was not completed in the two-year period preceding the date the activity was undertaken.
- the waste and/ or debris generated from the activity, including the decommissioned product(s) (where it is practical and safe to remove the decommissioned product(s)), will be removed from the consumer's premises and will be disposed of in accordance with all applicable waste management requirements under the *Environment Protection Act 2017* and its regulations.
- the installation meets all relevant laws, standards and building codes

- the information supplied in this form is complete and accurate and I am aware that it is an offence to provide false or misleading information to the Essential Services Commission under the *Victorian Energy Efficiency Target Act 2007*.

Date:

Section 3: Agreement between installer and consumer on scope of decommissioning work as part of installation

As part of the installation of the new product(s), the installer will: (tick all applicable boxes)

- remove the product(s), if it is practical and safe for the product to be removed
- disable and/or decommission the product(s) in a practical and safe manner so that it cannot be used again, but the product will be left on site as it is not practical and safe for the product to be removed
- undertake, or organise, the completion of all necessary building repair work as part of the installation
- undertake, or organise, the completion of some of the building repair work as part of the installation (list what work will be included and what will not be included)

- not be responsible for undertaking or organising any building repair work as part of the installation

Part A: Declaration by installer

I declare that:

- I have informed the consumer of the scope of work required to decommission the old product(s) and install new product(s) and the consumer has agreed to the above scope of work

Signature:

Date:

Part B: Acknowledgement by representative of consumer

I acknowledge that:

- the replaced product(s) will need to be decommissioned in a practical and safe manner so that it cannot be used again
- I have been informed and agree to above scope of work being carried out by the installer as part of the decommissioning of the old product(s) and installing new product(s).
